

CARESS™ PLATFORM

The revolutionary Caress™ self-adjusting platform adds a new dimension of adjustability and comfort. Sinus pressure is reduced and pressure points eliminated. The days of "cradle face" are over! The dowels measure 8" on center to fit Earthlite tables. Soft-Petals™ flex and balance to suspend your client's face in a cradle of comfort. Simply stated, the Caress™ platform is the best platform on the market today.

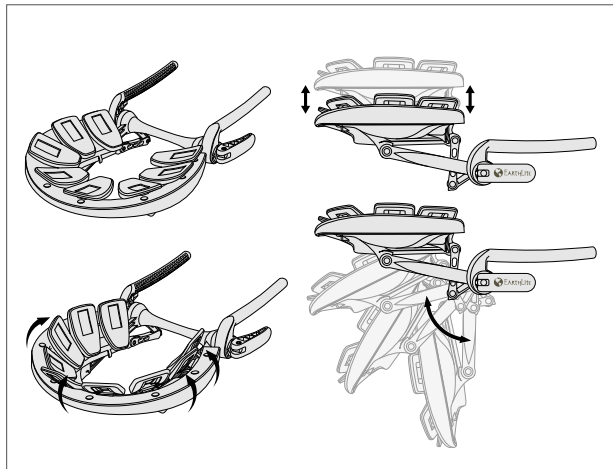

Features:

- Eight patented suspension pads ("Soft-Petals") flex and balance independently to create a cushiony molded platform to perfectly cradle your client's head
- Single cam lever adjusts both height and angle, locks easily into place
- Reduces sinus pressure
- Eliminates Pressure points
- Fits 8" on center outlets

*Shown with Strata™ FacePillow

Adjustments of both angle and height for perfect positioning for clients for each type of treatment.

Self-adjusting petals flex and pivot to adapt to the unique shape of your client's face, providing ultimate client comfort

Folds compactly for convenient storage.
